

JK
IS EVERYWHERE.

*she's always
in the room.*

**SHE'S
ALWAYS
IN THE
ROOM.**

the bag is a presence.

The Joana K signature white
and black paper bag lives
her best Nairobi life —
showing up in every corner
of the city.

Unbothered. Confident.
Always present.

No model needed.
The bag IS the statement.

THE BAG NEVER MOVES.

THE CITY MOVES AROUND IT.

A series of candid, real-feeling photographs of the Joana K shopping bag — white with the elegant signature script, black handles — placed in iconic everyday Nairobi locations while life happens around it.

This campaign says:
Joana K is not just a product.
She is a presence.

06 SHOTS. ONE BAG.

01

The Staircase

Always one step ahead.

04

The CBD Pavement

In the middle of it all.

02

The Escalator

Going up. Always.

05

The Café

She never really leaves.

03

The Supermarket

Spotted. She's already inside.

06

The Rooftop

The whole city knows.

the bag is the only character.

SHOT 01

THE STAIRCASE

The JK bag sits on a staircase step.
People's feet and legs rush past,
up and down. The bag stays still.

She's always one step ahead.

THE COPY

“Always one step ahead.”

SHOT 04

THE CBD

The bag sits on a busy CBD pavement.
Matatus, boda bodas, a crowd in motion.
Shot from above. Harsh midday sun.
A bold black shadow anchors her.

In the middle of it all.

THE COPY

“In the middle of it all.”

SHOT 05

THE CAFÉ

The bag rests on a café chair.
A coffee cup beside it. Warm light.
Blurred conversations around it.

She stepped out. But she left her mark.

THE COPY

“She never really leaves.”

THE LAWS OF THE FRAME.

- 01The bag is the sharpest element in every frame.
- 02Backgrounds are always slightly motion blurred.
- 03Lighting is natural. No studio. No artificial.
- 04No models. No hands. No faces. Only the bag.
- 05White, black, warm neutrals. Nothing else.
- 06Candid, never staged. Like she was just left there.

the whole city knows.
